

MATTERHACKERS

# ThriftyMake

VALUE LINE

*“Quality that costs less.”*

---

## THE PROMISE

**The most affordable filament in our catalog.**

## DESCRIPTION

MatterHackers ThriftyMake is the most affordable filament in our catalog — reliable, easy-to-print PLA+, ABS, and PETG at the lowest price per spool. It’s made for makers who print constantly: prototypes, practice runs, jigs, and high-volume jobs where every dollar counts. You get dependable results and clean prints without paying for premium features you don’t need.

## WHY THRIFTYMAKE

- **Lowest price per spool** — The best cost-per-kilogram in the MatterHackers catalog.
- **Reliable & easy to print** — Dependable results and clean prints, with no fuss.
- **Built for volume** — Made for constant printing — prototypes, jigs, and practice runs.

## MATERIALS

PLA+ · ABS · PETG

## PROOF POINT

**Lowest price** in the entire MatterHackers catalog

## BEST FOR

- Hobbyists & classrooms
- High-volume printing
- Iterative prototyping
- Everyday practice prints
